

Paul Hawthorne

February 25, 1942 - February 21, 2007

A Wake for Paul will be held in Bear Valley, at 4 Island Lake, at 2PM, Saturday, June 30, 2007.

Paul was a banjo player and was the author of *Gestalt Banjo*. Also a pilot and engineer, he worked at times on the Apollo LEM and on the Space Shuttle. A resident of Tehachapi for nearly 20 years, he has been well known as a musician and glider pilot.

More details will follow, but we plan a party, a celebration of Paul. There will be a service and remembrance, there will be food and drink, and of course, there will be music.... as much music as you all bring.

For more information, call Wayne Thompson, 822-0644.
Please bring a side dish, special beverages, and chairs to sit upon.
